

Educational Interiors Showcase

2020 AMERICAN SCHOOL & UNIVERSITY EDUCATIONAL INTERIORS SHOWCASE

CROW ISLAND SCHOOL CITATION

Walnut Grove Elementary—Bargersville, Indiana
LANCER+BEEBE, LLC—Indianapolis, Indiana

"The colors and wood create and gorgeous sequence of very playful and inspiring interior spaces where kids can let their imaginations go wild. Fun sculptural elements, adaptable spaces, and consideration for student safety and security. Thoughtful integration of moveable wall systems, soffits, and strategic material changes."—2020 Jury

COLLEGIATE CITATION

Emory University, Emory Student Center—Atlanta, Georgia
Duda|Paine Architects—Durham, North Carolina
Associated Firm: MHTN Architects

"Elegant, bright, spacious, and welcoming. The use of often wasted spaces (i.e., beneath stairs) is creative. Very warm and casual interior with a strong material palette (love the graphic ceiling tile!). Well-appointed with something to offer to everyone."—2020 Jury

SPECIAL CITATIONS

Lance Thompson Elementary School—Argyle, Texas
Huckabee—Fort Worth, Texas
Associated Firms: Teague Nall and Perkins, Accessology, Estes McClure and Associates

"The materials, colors, and volume bring this fun and playful learning environment to life. Creative use of outdoor space."—2020 Jury

Lesley University, Animation Studio—Cambridge, Massachusetts
PCA / Prellwitz Chilinski Associates—Cambridge, Massachusetts
Associated Firms: WSP (MEP), Roome & Guaraccino (Structural), Acentech (Acoustics), Hastings Consulting (Code Consultant), Kalin Associates (Specifications)

*"Inspiring use of common materials in unexpected ways. Seems to fit the brief and do exactly what it set out to do."—
2020 Jury*

GOLD CITATIONS

MaST II Community Charter School—Philadelphia, Pennsylvania

EwingCole—Philadelphia, Pennsylvania

"Great straightforward plan, dynamic exterior and interior, tons of natural light. The organizational approach is well thought out and the two phases are integrated beautifully. The spaces feel dynamic and appropriate for the STEAM focus." –2020 Jury

Positive Tomorrows New School for Homeless Children—Oklahoma City, Oklahoma

MA+ Architecture—Oklahoma City, Oklahoma

"The school's name says almost everything you need to know about its mission and it is uniquely manifested in the architecture. From the organizational approach to the use of color and materiality to the signage and branding, it provides a clear sense of inclusion and belonging to a population that needs uplifting. The overall design is impactful and engaging." –2020 Jury

Allen ISD STEAM Center—Allen, Texas

VLK Architects—Fort Worth, Texas

Associated Firms: LA Fuess Partners, Inc. (Structural), Reed, Wells, Benson & Company (MEP), Talley Associates (Landscape Architect), and Cadence McShane (Construction)

"Beautiful exterior that enhances the nature around it. The curve of the building allows for a peek into the rooms along the corridor and the bright colors make it all the more interesting. It is refreshing to see lab space with high ceilings and natural light." –2020 Jury

SILVER CITATIONS

Tri Star Career Compact—Celina, Ohio

Fanning Howey—Celina, Ohio

"Bold building and interior. Amazing makerspace. A well-executed overall project with a clear mission carried throughout." –2020 Jury

NeoCity Academy—Kissimmee, Florida

Little—Charlotte, North Carolina

"Strong concept using a simple plan. Learning is celebrated and visible." –2020 Jury

Harrison Hills City School District, PK-12 School—Cadiz, Ohio

SHP—Cincinnati, Ohio

"Colors, materials, furniture, and spaces are indicative of a clear vision and response to the needs of a 21st Century school. Strong visual connections between classrooms and collaboration areas, activated corridors, connected classrooms." –2020 Jury

Oxford College of Emory University, Student Center—Oxford, Georgia

Stevens & Wilkinson—Atlanta, Georgia

Associated Firms: Reeves + Young, Idea|Span, Acoustica, Travis Pruitt & Associates, HGOR, Southface Energy Institute, Pattern R&D, IDEA|SPAN

"Nice introduction of colors against the contextual wood and tile. Maintains a sophisticated aesthetic while being inviting. Appropriate scale with a variety of spaces and gathering sizes. Casual and relaxed atmosphere where any student would feel at home." –2020 Jury

SILVER CITATIONS CONTINUED

Sunnyvale Intermediate School—Sunnyvale, Texas

WRA Architects—Dallas, Texas

"Thoughtfully organized with great interactive features for gathering and collaboration. The main commons area is treated well to deal with potential scale issues. The slide is amazing. Just the right amount of controlled chaos." – 2020 Jury

BRONZE CITATIONS

Nova Southeastern University, Dr. Kiran C. Patel College of Osteopathic Medicine—Clearwater, Florida

Baker Barrios Architects—Orlando, Florida

Associated Firms: Moss Construction, RGD, Vision Builders, McNamara Salvia, Osborn Engineering, Baker Barrios Architects

"Well-designed volumetrically and spatially. Modern and clean." –2020 Jury

The Ohio State University, Office of Distance Education and eLearning Faculty Innovation Center—Columbus, Ohio

M+A Architects—Columbus, Ohio

"Has a lot of school spirit. Nice balance of flexibility and built-in elements. Sleek interior palette. Good use of glass." – 2020 Jury

Virginia Polytechnic Institute and State University, O'Shaughnessy Hall Renovation and Addition—Blacksburg, Virginia

Moseley Architects—Richmond, Virginia

Associated Firms: Lord Aeck & Sargent Inc. (Architectural Support), The Sextant Group (Technology), Dunbar Milby Williams Pittman & Vaughan (Structural), CCS International (Cost Estimating), Draper Aden Associates (Civil), Schnabel Engineering Consultants (Geotechnical), Stone Wall Hill Partners (Hardware), W.M. Jordan Company (Construction)

"Very cozy and familial feel to the spaces, especially in the common dining areas. Rich texture of materials on many surfaces without being overwhelming. A good variety of space types with nice visibility between rooms as well as to the outdoors." –2020 Jury

Sheldon Lake Elementary School—Houston, Texas

Stantec—Houston, Texas

"Fun, energetic, and engaging. The introduction of a 'multi-configurable theater-in-the-round' is fantastic. Appealing aesthetic and organization. Tasteful pops of color on a neutral background without being overwhelming." –2020 Jury

Tarleton State University, Engineering Building—Stephenville, Texas

Stantec—Houston, Texas

"Industrial and sleek. The building concept and layout is carefully thought out, and successfully showcases the engineering program to the university while providing an engaging environment for students." –2020 Jury

Dexter Early Elementary Complex—Dexter, Michigan

TMP Architecture—Bloomfield Hills, Michigan

"Cute and playful response to age group and varied learning styles. Well-defined public and private zones. Respect for the inclusion of gender neutral bathrooms for students of this age group." –2020 Jury
