## JUDGING

Each year, AS&U carefully selects an independent jury to represent a mix of school administrators and AIA-member architects. The jury evaluates and selects outstanding projects for publication. Primary consideration will be given to the design firm's solution to the stated educational program requirements. The jury will consider:

- Problem statement and technical specifications
- Architect/Designer response to the program requirements
- Aesthetic characteristics of the solution
- Overall presentation of materials

## AWARDS & RECOGNITION

### CROW ISLAND (K-12) AND COLLEGIATE AWARDS

The jury will select two Grand Prize winners, one in each of the K-12 and post-secondary categories. Deluxe commemorative plaques featuring the project's pages from the magazine will be presented for both the firm and its client.

### CITATIONS

The jury will award Gold, Silver and Bronze Citations to additional projects exhibiting exemplary features. Commemorative Citation plaques will be presented for both the firm and its client.

### OUTSTANDING DESIGNS

Projects that exhibit outstanding designs or qualities also will be recognized and selected for publication as Outstanding Designs. These projects are an important part of producing the comprehensive sourcebook for administrators that is the Educational Interiors Showcase. A commemorative plaque will be presented to these firms.
