2023 AMERICAN SCHOOL & UNIVERSITY ARCHITECTURAL PORTFOLIO

WILLIAM W. CAUDILL CITATION

The Branch School, Hightower Middle School—Houston, Texas

Kirksey Architecture—Houston, Texas

“The use of the building as a shading element to amplify the outdoor classrooms is brilliant. The minimalist exterior pallet of metal, wood, and concrete is complementing and calming. The spaces created for teaching and collaboration are abundant and it is clear that the design supports educators and students throughout the interior and exterior environments.” – 2023 Jury

LOUIS I. KAHN CITATION

Cornell College, Richard and Norma Small Athletic and Wellness Center—Mount Vernon, Iowa

Kahler Slater—Milwaukee, Wisconsin

“Strong modern exterior design...A great example of how to blend the traditional feel of a college building with a modern sleek look. It is aesthetically pleasing with the three elements of glass, stone, and black brick combined.” – 2023 Jury

SPECIAL CITATION

Seoul Foreign School High School—Seoul, South Korea

Ennead Architects—New York, New York

Associated firms: BAUM Architects, Andropogon Associates, Atelier 10, HMBA

“Great interior learning environments, strong daylighting strategies. The passive solar fins provide for texture and interest in the facades. The student spaces are inviting and appropriately scaled to encourage collaboration.” – 2023 Jury

PRE-K/EARLY CHILDHOOD FACILITIES CITATION

Porter-Leath Early Childhood Academy | Frayser—Memphis, Tennessee

RDG Planning & Design—Omaha, Nebraska

Associated firms: Alvine and Associates, Olsson, Pickering Firm

“Good use of color on the exterior and interior. Multiple areas for play and learning.” – 2023 Jury

OUTSTANDING DESIGNS: PRE-K/EARLY CHILDHOOD FACILITIES

Jefferson Early Childhood Center—Houston, Texas

PBK—Houston, Texas

ELEMENTARY SCHOOLS CITATION

Spruce Elementary School—Seattle, Washington

Bassetti Architects—Seattle, Washington

“Nice exterior massing, materials and color. The use of natural tones in the cladding reinforces the connection to nature. The secured courtyard created from the building massing is a good example of how a safety feature can support a feeling of comfort and belonging.” – 2023 Jury
